Summary: Recommendations: That Members note the progress of programmed highway improvements.

Executive Summary: This report describes the progress to date and anticipated progress over the next three months of all programmed highway improvements and those schemes that are expected to be included in Kent County Council’s 2014-15 Capital Programme.

This report supports the Key aims of: Reducing speed, encouraging safer driving and tackling known speeding crash hotspots. Also improving pedestrian safety, including measures to improve access for people with disabilities as indicated in the Dartford Community Plan.

This report supports the Key aims of: Reducing speed, encouraging safer driving and tackling known speeding crash hotspots. Also improving pedestrian safety, including measures to improve access for people with disabilities as indicated in the Dartford Community Plan.

Appendices

A. Highway Improvement Schemes.

B. Member Highway Funded Schemes.

Risk Assessment Statement

1. None

Appendix A – Local Transport Plan funded (named schemes) and externally funded schemes

The Traffic Schemes team is implementing schemes within Dartford borough, in order to meet Kent County Council’s (KCC) strategic targets (for example, addressing traffic congestion or improving road safety). Casualty reduction measures have been identified to address a known history of personal injury crashes:

Appendix B – Member Highway Fund program update for Dartford Borough

The following schemes are those which have been approved by both the relevant Member and have been approved by John Burr, the Director for Highways and Transportation. This information is up to date as of 12th November 2014.

More detail on the schemes below can be found within the individual Member Highway Fund Database accessible for all County Councillors. For any further information please liaise with the Member Highway Fund Officer.
