The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit planning process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect the Council or all weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A 1AG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

Introduction & headlines

Purpose

This document provides an overview of the planned scope and timing of the statutory audit of Dartford Borough ('the Council') for those charged with governance.

Respective responsibilities

The National Audit Office ('the NAO') has issued a document entitled Code of Audit Practice ('the Code'). This summarises where the responsibilities of auditors begin and end and what is expected from the audited body. Our respective responsibilities are also set out in the Terms of Appointment and Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA), the body responsible for appointing us as auditor of Dartford Borough. We draw your attention to both of these documents on the [PSAA website](#).

Scope of our audit

The scope of our audit is set in accordance with the Code and International Standards on Auditing (ISAs) (UK). We are responsible for forming and expressing an opinion on the :

- financial statements (including the Annual Governance Statement) that have been prepared by management with the oversight of those charged with governance (the Audit committee); and
- Value for Money arrangements in place at the Council for securing economy, efficiency and effectiveness in your use of resources.

The audit of the financial statements does not relieve management or the Audit Board of your responsibilities. It is the responsibility of the Council to ensure that proper arrangements are in place for the conduct of its business, and that public money is safeguarded and properly accounted for. We have considered how the Council is fulfilling these responsibilities.

Our audit approach is based on a thorough understanding of the Council's business and is risk based.

Significant risks

Those risks requiring special audit consideration and procedures to address the likelihood of a material financial statement error have been identified as:

- Management override of controls
- Valuation of property, plant and equipment
- Valuation of the pension fund net liability

We will communicate significant findings on these areas as well as any other significant matters arising from the audit to you in our Audit Findings (ISA 260) Report.

Materiality

We have determined planning materiality to be £1.26m (PY £1.28m) which equates to 2% of your gross expenditure for the year. We are obliged to report uncorrected omissions or misstatements other than those which are 'clearly trivial' to those charged with governance. Clearly trivial has been set at £63k (PY £64k).

Value for Money arrangements

Our risk assessment regarding the Council's arrangements to secure value for money has identified the following VFM significant risk:

- Brexit

We will consider whether the Council has adequate arrangements in place to address the risks of departing from the European Union.

Audit logistics

Our interim visit will take place in January and March and our final visit will take place in June and July. Our key deliverables are this Audit Plan and our Audit Findings Report.

Our fee for the audit will be no less than £35,732 (PY £46,405) for the Council, subject to you delivering a good set of financial statements and comprehensive and accurate supporting working papers, and responding to audit queries promptly.

Independence

We have complied with the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.

Key matters impacting our audit

External Factors

The wider economy and political uncertainty

Local Government funding continues to be stretched with increasing cost pressures and demand from residents for Dartford Borough Council.

At month 8 the General Fund shows a projected net underspend of approximately £902,000. Based on this, it is likely that the contribution from reserves and balances can be reduced to zero with a minor increase in the amount retained in reserves. The HRA currently shows projected net expenditure for the year of £3.96m which is £293,000 more than budget. The balance at the year-end on the HRA is estimated at £8.97m.

Dartford has historically met its balanced budgets, and this is not expected to change in 2018/19. However pressures are unlikely to ease in coming years, due to ongoing financial challenge in the public sector, and particularly as the circumstances surrounding Brexit will start to take shape, and the Council must adapt to any impact this has on grant funding and the economy.

Brexit

You also face the challenge of delivering this during significant political uncertainty on a national scale. With the UK due to leave the European Union on 29 March 2019, there will be national and local implications resulting from Brexit that will impact on you, which you will need to plan for. You will need to review your arrangements and plans to mitigate risks arising from Brexit, including risks in areas such as workforce planning and supply chain analysis, as well as considering the impact on your finances, including investment and borrowing and any potential impact on the valuation of your assets

Changes to the CIPFA 2018/19 Accounting Code

The most significant changes relate to the adoption of:

- IFRS 9 Financial Instruments which impacts on the classification and measurement of financial assets and introduces a new impairment model.
- IFRS 15 Revenue from Contracts with Customers which introduces a five step approach to revenue recognition.

Internal Factors

New audit methodology

We will be using our new audit methodology and tool, LEAP, for the 2018/19 audit. It will enable us to be more responsive to changes that may occur in your organisation and more easily incorporate our knowledge of the Council into our risk assessment and testing approach.

Our response

- We will consider your arrangements for managing and reporting your financial resources as part of our work in reaching our Value for Money conclusion.
- We will consider whether your financial position leads to material uncertainty about the going concern of the Council and will review related disclosures in the financial statements.

- We will keep you informed of changes to the financial reporting requirements for 2018/19 through on-going discussions and invitations to our technical update workshops.
- As part of our opinion on your financial statements, we will consider whether your financial statements reflect the financial reporting changes in the 2018/19 CIPFA Code.

- You will see changes in the terminology we use in our reports that will align more closely with the ISAs
- We will ensure that our resources and testing are best directed to address your risks in an effective way.

Significant risks identified

Significant risks are defined by ISAs (UK) as risks that, in the judgement of the auditor, require special audit consideration. In identifying risks, audit teams consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

Risk	Reason for risk identification	Key aspects of our proposed response to the risk
Management over-ride of controls	<p>Under ISA (UK) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in the Council.</p> <p>The Council faces external scrutiny of its spending and this could potentially place management under undue pressure in terms of how they report performance.</p> <p>We therefore identified management override of control, in particular journals, management estimates and transactions outside the course of business as a significant risk the Council, which was one of the most significant assessed risks of material misstatement.</p>	<p>We will:</p> <ul style="list-style-type: none"> • evaluate the design effectiveness of management controls over journals • analyse the journals listing and determine the criteria for selecting high risk unusual journals • test unusual journals recorded during the year and after the draft accounts stage for appropriateness and corroboration • gain an understanding of the accounting estimates and critical judgements applied made by management and consider their reasonableness with regard to corroborative evidence • evaluate the rationale for any changes in accounting policies, estimates or significant unusual transactions.
Valuation of property, plant and equipment	<p>The Council revalues its land and buildings on a rolling quinquennial basis to ensure that carrying value is not materially different from current value.</p> <p>This represents a significant estimate by management in the financial statements. We identified land and building revaluations and impairments as a risk requiring special audit consideration.</p>	<p>We will:</p> <ul style="list-style-type: none"> • review management's processes and assumptions for the calculation of the valuation estimate, the instructions issued to the valuer and the scope of those valuer's work regarding land and buildings • consider the competence, expertise and objectivity of the valuer used as management's expert • discuss with the valuer the basis on which the land and buildings valuation is carried out and challenge key assumptions made • review and challenge the information provided by the Council and used by the valuer to ensure it is robust and consistent with our understanding • test revaluations made during the year to ensure they are input correctly into the Council's asset register • evaluate management's consideration of those land and building assets not revalued during the year and how they have satisfied themselves that the carrying value of these assets is not materially different to current value.

Significant risks identified

Significant risks are defined by ISAs (UK) as risks that, in the judgement of the auditor, require special audit consideration. In identifying risks, audit teams consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

Risk	Reason for risk identification	Key aspects of our proposed response to the risk
Valuation of the pension fund net liability	<p>The Council's pension fund net liability, as reflected in its balance sheet as the net defined benefit liability, represents a significant estimate in the financial statements.</p> <p>The pension fund net liability is considered a significant estimate due to the size of the numbers involved and the sensitivity of the estimate to changes in key assumptions.</p> <p>We therefore identified valuation of the Council's pension fund net liability as a significant risk, which was one of the most significant assessed risks of material misstatement.</p>	<p>We will:</p> <ul style="list-style-type: none"> • update our understanding of the processes and controls put in place by management to ensure that the Council's pension fund net liability is not materially misstated and evaluate the design of the associated controls; • evaluate the instructions issued by management to Kent CC to instruct their management expert (an actuary) for this estimate and the scope of the actuary's work; • assess the competence, capabilities and objectivity of the actuary who carried out the Council's pension fund valuation; • assess the accuracy and completeness of the information provided by the Council to the actuary to estimate the liability; • test the consistency of the pension fund asset and liability and disclosures in the notes to the core financial statements with the actuarial report from the actuary; • undertake procedures to confirm the reasonableness of the actuarial assumptions made by reviewing the report of the consulting actuary (as auditor's expert) and performing any additional procedures suggested within the report; and • obtain assurance from the auditor of Kent Pension Fund as to the controls surrounding the validity and accuracy of membership data; contributions data and benefits data sent to the actuary by the pension fund and the fund assets valuation within the pension fund financial statements.
The revenue cycle includes fraudulent transactions (rebutted)	<p>Under ISA (UK) 240 there is a rebuttable presumed risk that revenue may be misstated due to the improper recognition of revenue.</p> <p>This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.</p>	<p>Having considered the risk factors set out in ISA240 and the nature of the revenue streams at the Council, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because:</p> <ul style="list-style-type: none"> • there is little incentive to manipulate revenue recognition • opportunities to manipulate revenue recognition are very limited • the culture and ethical frameworks of local authorities, including the Dartford Borough Council, mean that all forms of fraud are seen as unacceptable <p>Therefore we do not consider this to be a significant risk for the Dartford Borough Council.</p>

Other matters

Other work

In addition to our responsibilities under the Code of Practice, we have a number of other audit responsibilities, as follows:

- We read your Narrative Report and Annual Governance Statement to check that they are consistent with the financial statements on which we give an opinion and consistent with our knowledge of the Council.
- We carry out work to satisfy ourselves that disclosures made in your Annual Governance Statement are in line with the guidance issued by CIPFA.
- We carry out work on your consolidation schedules for the Whole of Government Accounts process in accordance with NAO group audit instructions.
- We consider our other duties under legislation and the Code, as and when required, including:
 - Giving electors the opportunity to raise questions about your 2018/19 financial statements, consider and decide upon any objections received in relation to the 2018/19 financial statements;
 - issue of a report in the public interest or written recommendations to the Council under section 24 of the Act, copied to the Secretary of State.
 - Application to the court for a declaration that an item of account is contrary to law under Section 28 or for a judicial review under Section 31 of the Act; or
 - Issuing an advisory notice under Section 29 of the Act.
- We certify completion of our audit.

Other material balances and transactions

Under International Standards on Auditing, "irrespective of the assessed risks of material misstatement, the auditor shall design and perform substantive procedures for each material class of transactions, account balance and disclosure". All other material balances and transaction streams will therefore be audited. However, the procedures will not be as extensive as the procedures adopted for the risks identified in this report.

Going concern

As auditors, we are required to "obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the Council's ability to continue as a going concern" (ISA (UK) 570). We will review management's assessment of the going concern assumption and evaluate the disclosures in the financial statements.

PSAA Contract Monitoring

Dartford Borough Council opted into the Public Sector Audit Appointments (PSAA) Appointing Person scheme which starts in 2018/19. PSAA appointed Grant Thornton as auditors. PSAA is responsible under the Local Audit (Appointing Person) Regulations 2015 for monitoring compliance with the contract and is committed to ensuring good quality audit services are provided by its suppliers. Details of PSAA's audit quality monitoring arrangements are available from its website, www.psa.co.uk.

Our contract with PSAA contains a method statement which sets out the firm's commitment to deliver quality audit services, our audit approach and what clients can expect from us. We have set out commitment to deliver a high quality audit service in the attached presentation. We hope this is helpful. It will also be a benchmark for you to provide feedback on our performance to PSAA via its survey in Autumn 2019.

Materiality

The concept of materiality

The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law. Misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

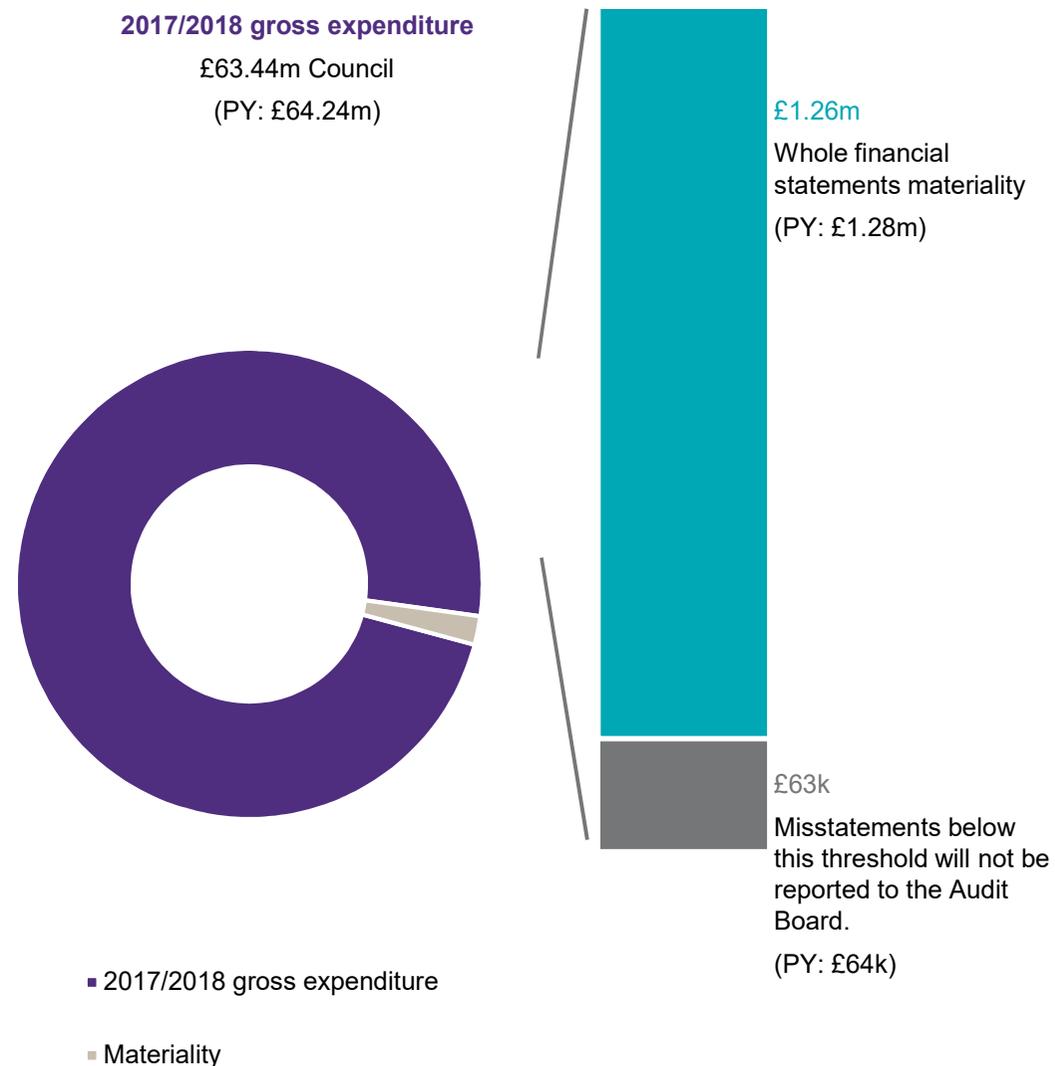

Materiality for planning purposes

We have determined financial statement materiality based on a proportion of the gross expenditure of the Council for the financial year. In the prior year we used the same benchmark. Materiality at the planning stage of our audit is £1.26m (PY £1.28k) for the Council, which equates to 2% of your forecast gross expenditure for the year. We reconsider planning materiality if, during the course of our audit engagement, we become aware of facts and circumstances that would have caused us to make a different determination of planning materiality.

Matters we will report to the Audit Board

Whilst our audit procedures are designed to identify misstatements which are material to our opinion on the financial statements as a whole, we nevertheless report to the Audit Board any unadjusted misstatements of lesser amounts to the extent that these are identified by our audit work. Under ISA 260 (UK) 'Communication with those charged with governance', we are obliged to report uncorrected omissions or misstatements other than those which are 'clearly trivial' to those charged with governance. ISA 260 (UK) defines 'clearly trivial' as matters that are clearly inconsequential, whether taken individually or in aggregate and whether judged by any quantitative or qualitative criteria. In the context of the Council, we propose that an individual difference could normally be considered to be clearly trivial if it is less than £63k (PY £64k).

If management have corrected material misstatements identified during the course of the audit, we will consider whether those corrections should be communicated to the Audit Board to assist it in fulfilling its governance responsibilities.

Value for Money arrangements

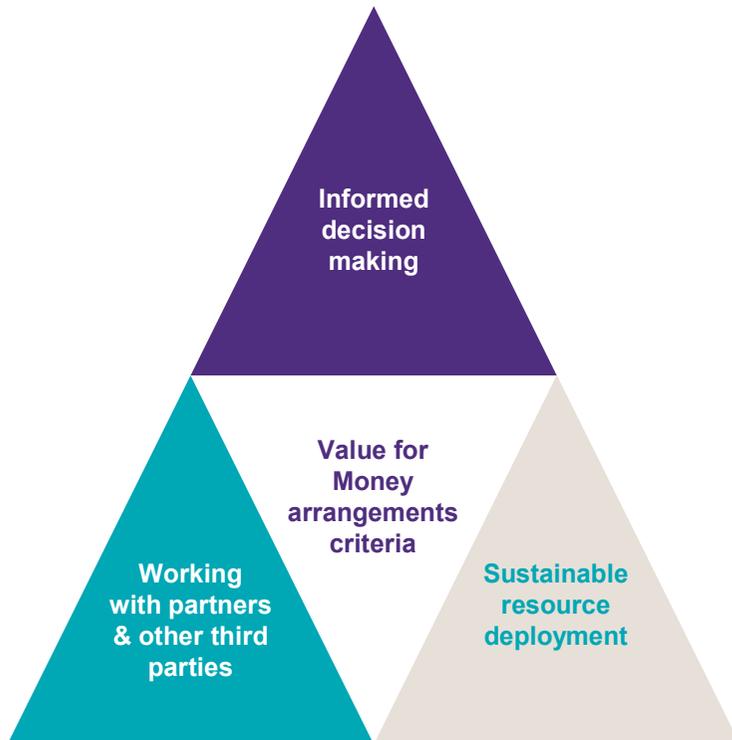

Background to our VFM approach

The NAO issued its guidance for auditors on Value for Money work in November 2017. The guidance states that for Local Government bodies, excluding Pension Funds, auditors are required to give a conclusion on whether the Council have proper arrangements in place to secure value for money.

The guidance identifies one single criterion for auditors to evaluate:

“In all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people.”

This is supported by three sub-criteria, as set out below:

Significant VFM risk

Those risks requiring audit consideration and procedures to address the likelihood that proper arrangements are not in place at the Council to deliver value for money.

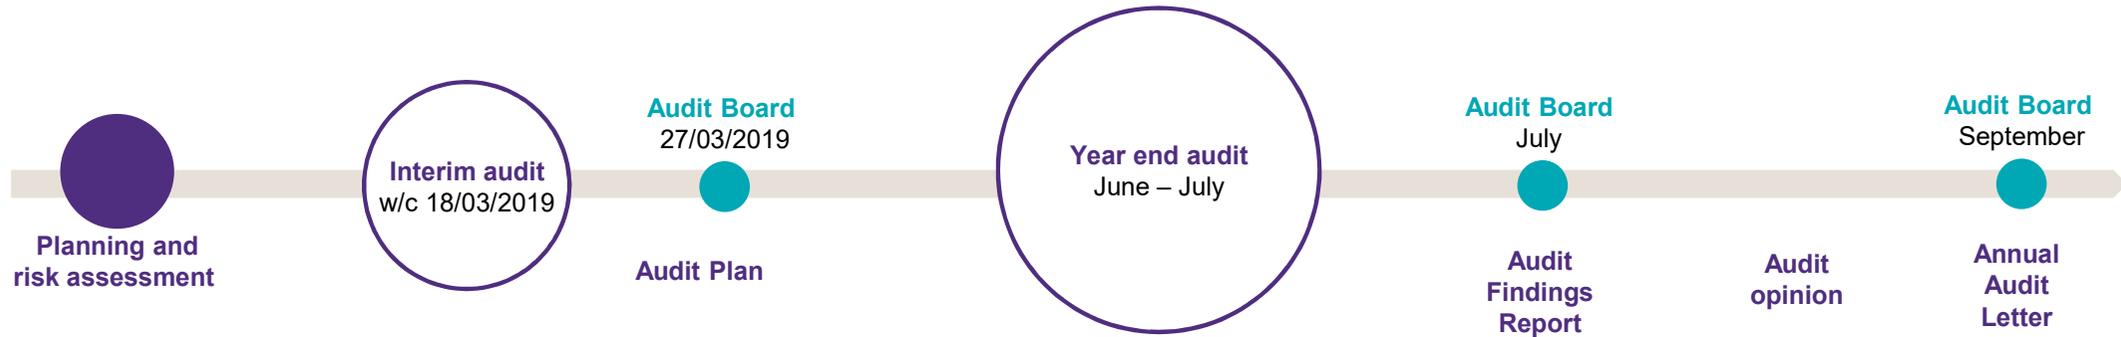

Brexit

With the UK due to leave the European Union on 29 March 2019, there will be national and local implications resulting from Brexit that will impact on the Council, which you will need to plan for and manage post March.

In response to this risk we will:

- review the Council's arrangements and plans to mitigate any risks on Brexit. Our review will focus on areas such as workforce planning, supply chain analysis and impacts on finances including investment and borrowing as well as any potential impact on the valuation of the Council's assets.

Audit logistics, team & fees

Elizabeth Jackson, Engagement Lead

Elizabeth will be the main point of contact for the Chief Executive, City Treasurer, Section 151 Officer and Members. Elizabeth will share her wealth of knowledge and experience across the sector providing pragmatic solutions and acting as a sounding board with Members and the Audit Board. Elizabeth will ensure our audit is tailored specifically to you and is delivered efficiently. Elizabeth will review all reports and the team's work.

Keyasha Pillay, Audit Manager

Keyasha will work with senior members of the finance team ensuring early delivery of testing and agreement of accounting issues on a timely basis. Keyasha will attend Audit Board meetings, undertake reviews of the team's work and draft reports ensuring they remain clear, concise and understandable to all. Keyasha will work with Internal Audit to secure efficiencies and avoid any duplication, providing assurance for Annual Governance Statement.

Audit fees

The planned audit fees are no less than £35,732 (PY: £46,405) for the financial statements audit completed under the Code, which are inline with the scale fee published by PSAA. Our fees for grant certification cover only housing benefit subsidiary certification, which falls under the remit of Public Sector Audit Appointments Limited Fees in respect of other grant work, such as reasonable assurance reports, are shown under Fees for other services'.

In setting your fee, we have assumed that the scope of the audit, and the Council and its activities, do not significantly change.

Our requirements

To ensure the audit is delivered on time and to avoid any additional fees, we have detailed our expectations and requirements in the following section 'Early Close'. If the requirements detailed overleaf are not met, we reserve the right to postpone our audit visit and charge fees to reimburse us for any additional costs incurred.

Any proposed fee variations will need to be approved by PSAA.

Early close

Meeting the 31 July audit timeframe

In the prior year, the statutory date for publication of audited local government accounts was brought forward to 31 July, across the whole sector. This was a significant challenge for local authorities and auditors alike. For authorities, the time available to prepare the accounts was curtailed, while, as auditors we had a shorter period to complete our work and faced an even more significant peak in our workload than previously.

We have carefully planned how we can make the best use of the resources available to us during the final accounts period. As well as increasing the overall level of resources available to deliver audits, we have focused on:

- bringing forward as much work as possible to interim audits
- starting work on final accounts audits as early as possible, by agreeing which authorities will have accounts prepared significantly before the end of May
- seeking further efficiencies in the way we carry out our audits
- working with you to agree detailed plans to make the audits run smoothly, including early agreement of audit dates, working paper and data requirements and early discussions on potentially contentious items.

We are satisfied that, if all these plans are implemented, we will be able to complete your audit and those of our other local government clients in sufficient time to meet the earlier deadline.

Client responsibilities

Where individual clients do not deliver to the timetable agreed, we need to ensure that this does not impact on audit quality or absorb a disproportionate amount of time, thereby disadvantaging other clients. We will therefore conduct audits in line with the timetable set out in audit plans (as detailed on page 10). Where the elapsed time to complete an audit exceeds that agreed due to a client not meeting its obligations we will not be able to maintain a team on site. Similarly, where additional resources are needed to complete the audit due to a client not meeting their obligations we are not able to guarantee the delivery of the audit by the statutory deadline. Such audits are unlikely to be re-started until very close to, or after the statutory deadline. In addition, it is highly likely that these audits will incur additional audit fees.

Our requirements

To minimise the risk of a delayed audit or additional audit fees being incurred, you need to ensure that you:

- produce draft financial statements of good quality by the deadline you have agreed with us, including all notes, the narrative report and the Annual Governance Statement
- ensure that good quality working papers are available at the start of the audit, in accordance with the working paper requirements schedule that we have shared with you
- ensure that the agreed data reports are available to us at the start of the audit and are reconciled to the values in the accounts, in order to facilitate our selection of samples
- ensure that all appropriate staff are available on site throughout (or as otherwise agreed) the planned period of the audit
- respond promptly and adequately to audit queries.

In return, we will ensure that:

- the audit runs smoothly with the minimum disruption to your staff
- you are kept informed of progress through the use of an issues tracker and weekly meetings during the audit
- we are available to discuss issues with you prior to and during your preparation of the financial statements.

Independence & non-audit services

Auditor independence

Ethical Standards and ISA (UK) 260 require us to give you timely disclosure of all significant facts and matters that may bear upon the integrity, objectivity and independence of the firm or covered persons relating to our independence. We encourage you to contact us to discuss these or any other independence issues with us. We will also discuss with you if we make additional significant judgements surrounding independence matters.

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.

We confirm that we have implemented policies and procedures to meet the requirements of the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements. Further, we have complied with the requirements of the National Audit Office's Auditor Guidance Note 01 issued in December 2017 and PSAA's Terms of Appointment which set out supplementary guidance on ethical requirements for auditors of local public bodies.

Other services provided by Grant Thornton

For the purposes of our audit we have made enquiries of all Grant Thornton UK LLP teams providing services to the Council. The following other services were identified:

Service	£	Threats	Safeguards
Audit related			
Certification of Pool Capital Receipts	£2,000	Self-Interest (because this is a recurring fee)	The level of this recurring fee taken on its own is not considered a significant threat to independence as the fee for this work is small in comparison to the total fee for the audit of £35,732 and in particular relative to Grant Thornton UK LLP's turnover overall. Further, it is a fixed fee and there is no contingent element to it. These factors all mitigate the perceived self-interest threat to an acceptable level.

The amounts detailed are fees agreed to-date for audit related and non-audit services to be undertaken by Grant Thornton UK LLP in the current financial year. These services are consistent with the Council's policy on the allotment of non-audit work to your auditors. [All services have been approved by the Audit and Risk Committee. Any changes and full details of all fees charged for audit related and non-audit related services by Grant Thornton UK LLP and by Grant Thornton International Limited network member Firms will be included in our Audit Findings report at the conclusion of the audit.

None of the services provided are subject to contingent fees.

Appendices

A. Audit Approach

B. Grant Thornton and Local Government

Appendix A - Audit approach

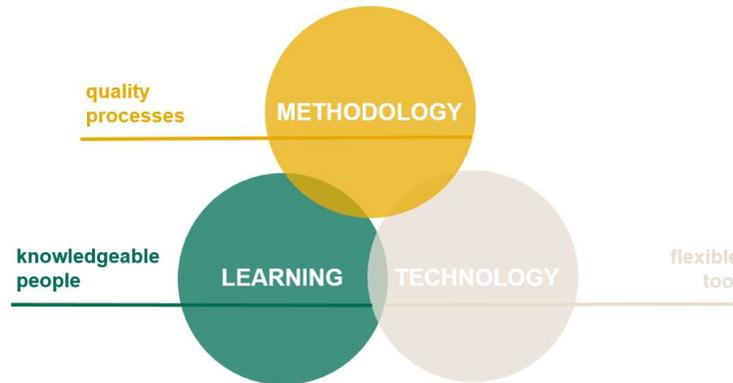

Use of audit, data interrogation and analytics software

LEAP

Audit software

- A globally developed ISA-aligned methodology and software tool that aims to re-engineer our audit approach to fundamentally improve quality and efficiency
- LEAP empowers our engagement teams to deliver even higher quality audits, enables our teams to perform cost effective audits which are scalable to any client, enhances the work experience for our people and develops further insights into our clients' businesses
- A cloud-based industry-leading audit tool developed in partnership with Microsoft

Info

Cloud based software which uses data analytics to identify trends and high risk transactions, generating insights to focus audit work and share with clients.

REQUEST & SHARE

- Communicate & transfer documents securely
- Extract data directly from client systems
- Work flow assignment & progress monitoring

ASSESS & SCOPE

- Compare balances & visualise trends
- Understand trends and perform more granular risk assessment

VERIFY & REVIEW

- Automate sampling requests
- Download automated work papers

INTERROGATE & EVALUATE

- Analyse 100% of transactions quickly & easily
- Identify high risk transactions for investigation & testing
- Provide client reports & relevant benchmarking KPIs

FOCUS & ASSURE

- Visualise relationships impacting core business cycles
- Analyse 100% of transactions to focus audit on unusual items
- Combine business process analytics with related testing to provide greater audit and process assurance

INSIGHTS

- Detailed visualisations to add value to meetings and reports
- Demonstrates own performance and benchmark comparisons

IDEA

- We use one of the world's leading data interrogation software tools, called 'IDEA' which integrates the latest data analytics techniques into our audit approach
- We have used IDEA since its inception in the 1980's and we were part of the original development team. We still have heavy involvement in both its development and delivery which is further enforced through our chairmanship of the UK IDEA User Group
- In addition to IDEA, we also other tools like ACL and Microsoft SQL server
- Analysing large volumes of data very quickly and easily enables us to identify exceptions which potentially highlight business controls that are not operating effectively

Appian

Business process management

- Clear timeline for account review:
 - disclosure dealing
 - analytical review
- Simple version control
- Allow content team to identify potential risk areas for auditors to focus on

Appendix B – Grant Thornton and Local Government

Our client base and delivery

- We are the largest supplier of external audit services to local government
- We audit over 150 local government clients
- We signed 95% of our local government opinions in 2017/18 by 31 July
- In our latest independent client service review, we consistently score 9/10 or above. Clients value our strong interaction, our local knowledge and wealth of expertise.

Our connections

- We are well connected to MHCLG, the NAO and key local government networks
- We work with CIPFA, Think Tanks and legal firms to develop workshops and good practice
- We have a strong presence across all parts of local government including blue light services
- We provide thought leadership, seminars and training to support our clients and to provide solutions

Our people

- We have over 25 engagement leads accredited by ICAEW, and over 250 public sector specialists
- We provide technical and personal development training
- We employ over 80 Public Sector trainee accountants

Our quality

- Our audit approach complies with the NAO's Code of Audit Practice, and International Standards on Auditing
- We are fully compliant with ethical standards
- Your audit team has passed all quality inspections including QAD and AQRT

Our technical support

- We have specialist leads for Public Sector Audit quality and technical
- We provide national technical guidance on emerging auditing, financial reporting and ethical areas
- Specialist audit software is used to deliver maximum efficiencies

Our relationship with our clients– why are we best placed?

- We work closely with our clients to ensure that we understand their financial challenges, performance and future strategy.
- We deliver robust, pragmatic and timely financial statements and Value for Money audits
- We have an open, two way dialogue with clients that support improvements in arrangements and the audit process
- Feedback meetings tell us that our clients are pleased with the service we deliver. We are not complacent and will continue to improve further
- Our locally based, experienced teams have a commitment to both our clients and the wider public sector
- We are a Firm that specialises in Local Government, Health and Social Care, and Cross Sector working, with over 25 Key Audit Partners, the most public sector specialist Engagement Leads of any firm
- We have strong relationships with CIPFA, SOLCAE, the Society of Treasurers, the Association of Directors of Adult Social Care and others.
- We propose a realistic fee, based on known local circumstances and requirements.

New opportunities and challenges for your community

The Local Government economy

Local authorities face unprecedented challenges including:

- Financial Sustainability – addressing funding gaps and balancing needs against resources
- Service Sustainability – Adult Social Care funding gaps and pressure on Education, Housing, Transport
- Transformation – new models of delivery, greater emphasis on partnerships, more focus on economic development
- Technology – cyber security and risk management

At a wider level, the political environment remains complex:

- The government continues its negotiation with the EU over Brexit, and future arrangements remain uncertain.
- We will consider your arrangements for managing and reporting your financial resources as part of our work in reaching our Value for Money conclusion.
- We will keep you informed of changes to the financial reporting requirements for 2018/19 through on-going discussions and invitations to our technical update workshops.

Delivering real value through:

- Early advice on technical accounting issues, providing certainty of accounting treatments, future financial planning implications and resulting in draft statements that are 'right first time'
- Knowledge and expertise in all matters local government, including local objections and challenge, where we have an unrivalled depth of expertise.
- Early engagement on issues, especially on ADMs, housing delivery changes, Children services and Adult Social Care restructuring, partnership working with the NHS, inter authority agreements, governance and financial reporting
- Implementation of our recommendations have resulted in demonstrable improvements in your underlying arrangements, for example accounting for unique assets, financial management, reporting and governance, and tax implications for the Cornwall Council companies
- Robust but pragmatic challenge – seeking early liaison on issues, and having the difficult conversations early to ensure a 'no surprises' approach – always doing the right thing
- Providing regional training and networking opportunities for your teams on technical accounting issues and developments and changes to Annual Reporting requirements
- An efficient audit approach, providing tangible benefits, such as releasing finance staff earlier and prompt resolution of issues.

Our commitment to our local government clients

- Senior level investment
- Local presence enhancing our responsiveness, agility and flexibility.
- High quality audit delivery
- Collaborative working across the public sector
- Wider connections across the public sector economy, including with health and other local government bodies
- Investment in Health and Wellbeing, Social Value and the Vibrant Economy
- Sharing of best practice and our thought leadership.
- Invitations to training events locally and regionally – bespoke training for emerging issues
- Further investment in data analytics and informatics to keep our knowledge of the areas up to date and to assist in designing a fully tailored audit approach

"I have found Grant Thornton to be very impressive.they bring a real understanding of the area. Their insights and support are excellent. They are responsive, pragmatic and, through their relationship and the quality of their work, support us in moving forward through increasingly challenging times. I wouldn't hesitate to work with them."

Director of Finance, County Council
