CHAIRMAN'S INITIALS

75. LOCALISM ACT 2011 - DISPENSATIONS - MEMBERS' ALLOWANCES AND FINANCIAL CONTRIBUTIONS TO PARISH/TOWN COUNCILS

Members considered a report which explained that current legal advice now stated that the receipt of Members' Allowances is likely to qualify as a disclosable pecuniary interest. In view of this the Managing Director had, in consultation with the Monitoring Officer, granted a dispensation to all Members who had applied for one to enable them to participate in any discussion and decisions relating to Members Allowances. All Members of the Council had applied for a dispensation and this had been granted to run from 27 February 2017 until the fourth day after the ordinary day of the Council elections in May 2019 when Member's current term of office would end.

Members also noted the action taken by the Managing Director, in consultation with the Monitoring Officer, to grant a dispensation to all Parish/Town Councillors to enable them to speak and vote on items in respect of section 136 contributions.

RESOLVED:

1. That Members note the legal advice received, that membership of a local authority is likely to be viewed as an 'office carried on for gain' and that Members' Allowances is relevant for disclosable pecuniary interest purposes when Members are asked to vote on the rate of allowances themselves.
2. That Members note the action taken by the Managing Director, in consultation with the Monitoring Officer, to grant dispensations to all Members, (who have registered their receipt of Members' Allowances as a DPI and applied for dispensation) with effect 27 February 2017, for a period ending with their retirement on the fourth day after the ordinary day of election in May 2019, to speak and vote on agenda items in respect of Members' Allowances, on the ground that so many members of the decision-making body have disclosable pecuniary interests in a matter, that it would impede the transaction of the business.
3. That Members note the action taken by the Managing Director, in consultation with the Monitoring Officer, to grant dispensations to all Parish/Town Councillors (who have applied for dispensation), with effect 27 February 2017, for a period ending with their retirement on the fourth day after the ordinary day of election in May 2019, to speak and vote on agenda items in respect of Section 136 Contributions, on the ground that so many members of the decision-making body have prejudicial interests in a matter, that it would impede the transaction of the business.
4. That, for the reasons outlined in the body of the report, the Members' Allowances interest category be deleted from the Prejudicial Interest definition.

GENERAL ASSEMBLY OF THE COUNCIL (BUDGET)

MONDAY 27 FEBRUARY 2017

76. DECLARATIONS OF INTEREST

The Managing Director declared a personal interest on behalf of all Officers present at the meeting in staffing matters referred to in Agenda item 7, Revenue and Capital Budgets 2017/2018.

The Managing Director in the exercise of his delegated authority, in consultation with the Monitoring Officer, granted a dispensation to all Councillors to speak and vote on Agenda item 7, Revenue and Capital Budgets, in respect of their receipt of Members' Allowances paid by the Council on the ground that without the dispensation, the number of persons prohibited from participating in the discussion and voting on Members' Allowances would be so great a proportion of the body transacting the business as to impede the transaction of business (see agenda item 7).

Councillor I D Armitt declared a disclosable pecuniary interest in Appendices K(i),(ii) and (iii) of Agenda item 7 as he is an employee of Wilmington Parish Council.

Councillor J Burrell declared a prejudicial interest in Agenda item 7 as he is a trustee of the Dartford Citizens Advice Bureau which receives grants/funding from the Council.

Councillor P Kelly declared a prejudicial interest in Agenda item 7 as he is a trustee and Chairman of the Unit Management Committee of the Dartford & Crayford Sea Cadets who receive grants/funding from the Council.

Councillor J A Kite MBE declared a prejudicial interest in Agenda item 7 as he is a director of Dartford Football Club which receives grant funding from the Council.

Councillor R Lees declared a prejudicial interest in Agenda item 7 as he is a trustee of Dartford Citizens Advice Bureau which receives grants/funding from the Council and also as a trustee of Greenhithe Community Association which is a tenant of the Council and receives grants/funding from the Council.

Councillor D J Mote declared a disclosable pecuniary interest in Appendices K(i),(ii) and (iii) of Agenda item 7 as his wife is an employee of Stone Parish Council.

Councillor D J Reynolds declared a disclosable pecuniary interest in Agenda item 7 as his partner is an employee of Dartford Borough Council.

Councillor A S Sandhu MBE declared a prejudicial interest in Agenda item 7 as he is a trustee of the Kent People's Trust and as Vice-President of Dartford Valley Rugby Football Club as they receive grants/funding from the Council.

77. APOLOGIES FOR ABSENCE

Apologies for absence were submitted on behalf of Councillors J A Hayes and B E Read.

78. MAYOR'S ANNOUNCEMENTS

The Mayor encouraged Members to follow his engagements on his Facebook page and said that a letter would be sent out shortly about forthcoming Mayoral events which he hoped would be supported.

79. URGENT ITEMS

There were no urgent items.

80. REVENUE AND CAPITAL BUDGETS 2017/18

The Leader of the Council, Councillor J A Kite, asked permission to make a couple of announcements before turning to consider the Capital and Revenue Budgets for 2017/18. He informed Members that he had just returned from a very moving private visit to Auschwitz-Birkenau Concentration camp which had many lessons for modern society. The Leader was also pleased to announce that the Council had been awarded the Kent Design & Development Award for the refurbishment of Fairfield Pool against strong competition. This was a considerable achievement and the new operator was generating significant income for the Council whereas previously Fairfield had been a cost to the Council. He congratulated the Officers involved in the project and also Councillor Lloyd, the Portfolio Holder for Council Finances & Major Capital Projects who had been deeply involved in the project.

The General Assembly of the Council considered a report which set out the Council's capital and revenue budgets for 2017/18. The report, which included the revenue and capital estimates, identified the level of precepts for Kent County Council, the Kent Police and Crime Commissioner, Kent Fire and Rescue and the Town and Parish Councils within the Borough.

Members were asked to set the level of expenditure for Dartford Borough Council Capital and Revenue Budgets for 2017/18, to approve the level of rents chargeable for Housing Revenue Account dwellings for 2017/18, to agree the level of Council Tax for Dartford Borough in its parished and unparished areas, and to determine sundry related matters. Members were also asked to approve the Council's Pay Policy Statement.

The Leader of the Council introduced the budget report by expressing regret that he was proposing the first increase in Dartford's council tax in seven years but was proud of the Council's record of being able to continue to deliver services without any increase during that period. However this was simply not sustainable given the national changes to government funding and the proposal was to increase Dartford's council tax by 3%, equating to a £4.95 increase for an average Band D property. The Council took its responsibilities to Council tax payers very seriously as it was aware that it was their money and the Leader contrasted the years of low and zero rate increases in the last

MONDAY 27 FEBRUARY 2017

14 years with the much higher levels of increase which had preceded it. He explained the need to ensure that there was no regression in terms of core service provision and highlighted areas of continuing success such as the refurbishment of Fairfield Pool, the many events held across the Borough, the first new build council housing in over 40 years and the successful Town Centre vision bid which had secured £4.3 million for Dartford. There were also many challenges ahead such as traffic flow, the decision on the location of a new Thames River crossing for which the Council had been lobbying the Government and on other works to ameliorate problems associated with the Dartford crossing. Air quality remained a major issue for local people and must be addressed. Managing the growth of the locality in terms of additional housing, population and the economy were important objectives.

Cleanliness and littering were also of local concern. Although the Council's litter enforcement contract via Kingdom was delivering results there was still a problem in terms of a poor public culture of disposing of litter responsibly. Given the importance of this issue the Leader of the Council announced that he would be setting up a Leader's Advisory Group on Litter Enforcement to collect evidence and challenge existing practices and to identify what was being done well and areas for improvement. He praised the work of many local voluntary litter pickers and was looking to assist with the direction and co-ordination of this across the Borough by providing all the equipment the volunteers needed and to establish a scheme whereby the volunteers might be rewarded via contributions to charities of their choice. He also announced measures to crack down on fly-tipping by greater use of intelligence-led interventions and highlighted the work of the Lead Cabinet Member for Enforcement and Community Safety in developing a Public Space Protection Order for the town centre.

Refuse collection services were improving and had a 98.7% success rate but this still meant that there was room for improvement and the Council would work hard to address this. The Council also looked to improve recycling however the focus had been on avoiding the use of landfill disposal which had been very low in recent years running at 1-2% but had now been reduced to just 0.25%.

The Leader of the Council said that the proposed budgets would support these services and objectives and continuing priorities such as addressing the issue of child poverty. He praised the work of the Working Group on Child Poverty and the work undertaken to identify opportunities where Council services could help to deal with the problems associated with Child Poverty. Dealing with homelessness was another complex challenge and considerable resource had been devoted to this and had improved the situation but it was not something that could be addressed simply by allocating more-and-more money to the problem. The Council needed to work closely with many partner organisations and to recognise that this work is ongoing throughout the year rather than simply focussing on pinch points at certain times of year. For this reason the Leader announced that he would be establishing a further Leader's Working Group to challenge and progress the way local organisations tackled homelessness.

In conclusion the Leader of the Council stressed his pride in the work that the Council carried out but recognised the need for a small increase in Council tax to build upon this good work and to continue to deliver the priorities for the people of Dartford, to ensure that there was no need to cut services and for the Council to respond to growth in the Borough. He commended the budget to the Council and proposed that the budget be agreed as per the recommendations in the report.

The motion was seconded by the Deputy Leader of the Council.

In response the Shadow Leader of the Council recognised that the budget had been prepared following consultation with the public but said that he could see little reflection of this in the report. He quoted from a recent survey in the Dartford Messenger which, he said, showed that 4 out of 5 respondents didn't think they were receiving value for money for their council tax. He said that the proposed budget required people to pay more money for less service and that this represented a breach of the contract between the Council and local people. He said that there was no explanation of how the additional money would be spent and that the Council was failing to deliver on its own priorities. He contrasted the Council's desire to keep Dartford safe with a reduction in the budget for CCTV at a time when anti-social behaviour was at a 3 year high. There was nothing in the budget to explain measures to attract new business to Dartford or to capture and develop existing entrepreneurial talent whilst the Council's waste collection and recycling were in a critical condition. The employment of Kingdom to manage litter enforcement was barely scraping the service, not addressing the issue and simply generating numerous complaints. He said that the Government had abandoned its commitment to fund local government which was demonstrated in the fall of Dartford's Revenue Support Grant from £7.5 million in 2010 to £0.0 in 2019/20 and that the report showed a growing budget gap from £1.2 Million in 2018/19 to £4 million in 2021/22. The options for addressing this were increasing council tax, drawing upon limited reserves or cutting services but there was no explanation in the report as to how this hole would be funded and there was no vision for the future.

Other Members highlighted the positive initiatives already being carried out, the positive interaction with local people and partners, and the groundswell of good will and willingness to participate in making Dartford a better place to live and work. Initiatives to deal with child poverty and homelessness were cited. It was also pointed out that although the Revenue Support Grant was being phased out this was being replaced by other revenue streams such as business rate retention and the New Homes Bonus, which had actually grown due to growth in Dartford, and that actually the Council would be spending more and not cutting services.

Another Member challenged to effectiveness of current litter enforcement and the performance of recycling, and also stated that whilst the Council was sending less waste to landfill this was a national trend directly attributable to European Union directives. Concern was also expressed at the reduction in the CCTV budget, the fall in direct funding to local government from Central Government and lack of clarity about future funding streams and how the increase in council tax would translate into improved services.

MONDAY 27 FEBRUARY 2017

Other Members felt that the criticism of the budget proposals were unnecessarily negative, failing to recognise many positives and also failing to identify alternative budgetary proposals.

The Leader of the Council thanked Members for their comments but expressed disappointment at the lack of positivity from some sections of the Chamber. He placed more weight on the many examples of support from local people for the Council's work rather than the views of a small number of respondents to a newspaper survey with carefully worded questions. He considered that the proposed increase in council tax, the first in seven years, represented good value for money when compared to the prices people expected to pay for other goods and services. The Council always strove to improve services but would not resort to practices such as reducing the frequency of refuse collection to deliver improved performance in waste recycling. He cited economic growth and the fact that the Council delivered on its service priorities year on year. Whilst Revenue Support Grant was falling the Council was raising more from the other revenue streams which meant that the budget proposals were sustainable. The first increase in council tax for seven years was as a result of the impact of inflation during that period and the need to ensure that services continued to improve and not to regress. He asked critics of the budget to focus on working together to build upon the strengths of the Council and local people and businesses. He thanked the Managing Director, the Senior Management Team and the Financial Services Manager for their work in preparing the budget report hoped that Members would agree the budget proposals.

The recommendations contained in the budget report were then voted on en-bloc by recorded vote as follows:
